TERMS & CONDITIONS

1. Town of Coeburn shall furnish, subject to the limitations in the Towns current and future rules and regulations, such services as provided for above.
2. Receptacles that meet the specifications required by each trash truck lift system may be picked up by Town personnel, however the Town and or its employees will not be held responsible for any damage to the receptacle. No bagged trash outside the receptacle will be picked up.
3. If the trash is scattered by animals, wind etc., the resident is responsible for having the trash in the receptacle on pickup day.
4. If the resident requires an additional can, the Town will provide up to a total of four cans. If a 5th can or more are requested an additional fee of \$10.00 per month will be added.
5. Town of Coeburn shall provide the selected solid waste receptacle to the customer. Customer shall be responsible for repair and/or replacement of solid waste receptacle outside of normal wear and tear.
6. Town of Coeburn has the final authority in deciding and applying charges necessary for repair or replacement.
7. The Customer understands any receptacles provided by the Town of Coeburn remain the property of the Town of Coeburn and shall not be moved from the service address listed.
8. **For standard collection:** Customer shall place the receptacle at the edge/curb of the closest public street (not private drive) or at the location determined by the Town of Coeburn to allow for safe collection for Town of Coeburn’s staff and equipment.
9. Receptacles (containers) shall be at the assigned location by 7AM on the scheduled collection day.
10. **All garbage in the receptacles shall be bagged.**
11. Customer understands and further agrees to not block access to the receptacle on the scheduled collection day by parking any vehicle, trailer, etc. in front of the receptacle.
12. Containers shall be removed from the collection point in less than 24 hours after collection.
13. Only household trash shall be placed in the container for residential customers and all trash shall be bagged. Customer shall refrain from packing cardboard or other materials forcefully in the can which will prevent dumping of receptacle. Any receptacle packed in a manner which prevents dumping shall be returned to the customer for correction and collection the following week.
14. The following items shall not be placed in the receptacles including dumpsters: car parts and tires, furniture and other large items, hazardous or flammable materials, propane or other pressurized tanks, car batteries or other lead-acid batteries, liquids such as paint, solvents, motor oil or drywall mud, construction waste such as carpeting, lumber, drywall, bricks, concrete or dirt, and ashes that have not been thoroughly cooled and soaked with water. **NO human or animal waste including cat litter.**
15. All receptacles with lids shall not be overfilled and lids shall be closed.
16. All residential and business 96-gallon receptacles shall be collected once per week, 6 cubic yard dumpsters shall be collected per the schedule selected on this agreement.
